

TECHNICAL HOSE PRODUCTS

SLEEVES FOR PINCH VALVE

To shut off and dose liquids, powders or granulates in pinch valves. Working pressures from 2 to 10 bar.

Manufacturer's tests prove excellent service life, very high cycle rates and easy assembly. Temperature resistant from -40°C to $+220^{\circ}\text{C}$ depending on the medium handled.

- Construction:
- Tube in special elastomers quality
 - Special fabric inlays
 - Abrasion-resistant cover
 - Interior smooth, exterior polished smooth
 - Optional: chamfered faces
 - Optional: with connecting fittings

ND [mm]	Wall thickness [mm]	Length [mm]
40	7.5	151
50	8	157
65	9.5	188
80	12	230
100	13	274
125	15	334
150	17.5	395
200	20.5	526
250	22.5	596
